(slika je simbolična)

## Manometer, z navojem (vhodni) - (izhodni), G 3/8, f Ø 8

Kategorija: [Pressure gauge, thread \(input\) - pipe \(output\)](#)

Šifra: **106762RIE**

### Kratek opis

Pressure gauge »lineonline«, Thread (inlet) - hose (outlet), G 3/8, for hose Ø 8 mm, Operating pressure max. 12 bar  
Though small in size, these pressure gauges ensure accurate reading.

### Tehnične Specifikacije

|                                |                                                            |
|--------------------------------|------------------------------------------------------------|
| Min. temperaturno območje [°C] | -20                                                        |
| Lestvica                       | 0 to 12 bar                                                |
| Natančnost                     | +/- 4 % of full-scale value                                |
| Navoj                          | G 3/8                                                      |
| Notranji deli                  | Nickel-plated brass, brass, technopolymer, stainless steel |
| Pnevmatski simboli             | On housing                                                 |
| Telo                           | Technopolymer                                              |
| Tesnilo                        | NBR                                                        |
| Za cevi Ø [mm]                 | 8                                                          |
| Max. obratovalni tlak [bar]    | 12                                                         |
| Merilno območje max. bar       | 12                                                         |
| I [mm]                         | 18.7                                                       |
| B [mm]                         | 41.1                                                       |
| Max. temperaturno območje [°C] | 60                                                         |
| A [mm]                         | 72.4                                                       |
