## Nepovratni ventil »multifix«, Velikost 3, G 3/4

Kategorija: [Non-return valves](#)

Šifra: **100633RIE**

### Kratek opis

Check valve »multifix«, Size 3, G 3/4, Opening pressure min. 0.1 bar, Input pressure max. 16 bar, Medium / ambient temp. max. 50°C  
Spring-loaded seat valves.

### Tehnične Specifikacije

|                              |                                                       |
|------------------------------|-------------------------------------------------------|
| Merjenje pretoka             | At $P_1 = 6$ bar and pressure drop $\Delta_p = 1$ bar |
| Navoj                        | G 3/4                                                 |
| Ohišje                       | Die-cast zinc                                         |
| Serija                       | multifix                                              |
| Tesnilo                      | NBR                                                   |
| Min. tlak odpiranja [bar]    | 0.1                                                   |
| Velikost                     | 3                                                     |
| Max. vhodni tlak [bar]       | 16                                                    |
| C [mm]                       | 33.5                                                  |
| D [mm]                       | 33.5                                                  |
| Max. sobna temperatura [°C]  | 50                                                    |
| Max. temperatura medija [°C] | 50                                                    |
| B [mm]                       | 67.0                                                  |
| A [mm]                       | 68.8                                                  |
| Pretok [l/min]               | 6000                                                  |
