## Reducirni nastavek 246, N.N./Z.N.Rp 1 1/4,R 3/4

Kategorija: [Socket 246, reducing, female/male](#)

Šifra: **113121RIE**

### Kratek opis

Reducing sleeve 246, IT/ET, Rp 1 1/4, R 3/4, Operating temp. -20 °C to 300 °C, black malleable cast iron, Hot-dip galvanised

Acc. to DIN EN 10242 (formerly DIN 2950)

The classic - and the most popular - screw fitting series for pipe construction.

These fittings are characterized by their high mechanical strength and surface quality to DIN 2444.

They are completely coated with a layer of pure zinc and are therefore suitable for drinking water

### Tehnične Specifikacije

|                                |                                                     |
|--------------------------------|-----------------------------------------------------|
| Min. temperaturno območje [°C] | -20                                                 |
| Material                       | Black malleable iron<br>B350-10, design<br>symbol A |
| Navoj 1                        | Rp 1 1/4                                            |
| Navoj 2                        | R 3/4                                               |
| Površina                       | Hot dip galvanised                                  |
| Standardni navoj               | acc. ISO 7-1                                        |
| Max. temperaturno območje [°C] | 300                                                 |
