Zaporni ventili manometrov, pipa - vpenjalni tulec, G 1/2

Kategorija: [Pressure gauge stopcock, male - female/female](#)

Šifra: **102661RIE**

Kratek opis

Block valve pressure gauge, Taps - tension sleeve, br. body, steel t. sleeve, G1/2, PN 25bar, AF 27, max. 50°C, Test flange 40x5

It is useful to install a stopcock as a shut-off element between the pressure gauge and the pipe.

When the lever is set to the »blow out« position, the medium is discharged into the atmosphere.

Stopcocks with a test port allow pressure gauges to be simultaneously connected to the pipe.
